**AMENDED GENERAL ORDER ADOPTING HEARING PROTOCOLS THAT MAY BE
IMPLEMENTED UNDER CERTAIN PUBLIC HEALTH AND SAFETY CONDITIONS**

The Court has determined that the adoption of a protocol for public health emergencies that impact Court operations is appropriate. By adopting the attached amended protocol, parties-in-interest may be better able to comply with the exigencies that have arisen related to the spread of the Coronavirus Disease 2019 (COVID-19). Whereas the Court’s initial protocol contemplated only temporary and limited procedures, the purpose of this amendment is to provide for longer-term procedures for handling the full docket of this Court until in-person hearings resume.

Therefore, the Court adopts the attached Protocol and activates its use until further Court Order.

DATED: May 4, 2020.

FOR THE COURT:

MEREDITH S. GRABILL
UNITED STATES BANKRUPTCY JUDGE

**AMENDED PROTOCOL FOR EMERGENCY
PUBLIC HEALTH AND SAFETY CONDITIONS**

Purpose and Implementation

- A. This Protocol applies in all bankruptcy cases and proceedings when parties, witnesses, judges, or staff are unable to attend scheduled hearings due to a declaration by state, local, or federal officials that limit or restrict the Court's ability to hold hearings. The protocol will be invoked by the Chief Judge of the United States Bankruptcy Court. The Order invoking this Protocol will be posted on the Court's Web site and distributed by the Clerk to all CM/ECF users by e-mail. The Order will include appropriate modifications, as circumstances warrant. The invocation of the protocol will be terminated by a termination Order, also posted on the Court's Web site and distributed by e-mail. The period from the invocation through the termination of the protocol is the "Protocol Period."

Hearings

- A. During the Protocol Period, all hearings will be conducted telephonically for non-evidentiary hearings or via video conference for evidentiary hearings and trials during the Protocol Period.
1. Notice of the dockets for upcoming chapter 13 panel hearings and 7/11 dockets will be posted on the Court's Web site and will be distributed by the Clerk to all CM/ECF users by e-mail.
 2. Parties and counsel are responsible for monitoring the Court's Web site and the dockets of their cases.
 3. Telephonic and/or video conference attendance and decorum at hearings is required on the same basis as would otherwise be required for attendance at hearings in the absence of the invocation of this protocol.
- B. During the Protocol Period, hearings may be held by the judge assigned to the case, or by any other bankruptcy judge.

C. Attorneys and parties-in-interest wishing to participate in non-evidentiary hearings must dial in to hearings using the following dial-in numbers and conference codes:

1. Judge Grabill, Section A:

Dial-in Number: 888-684-8852

Access Code: 9318283

2. Judge Brown, Section B:

Dial-in Number: 888-684-8852

Access Code: 7058793

D. Do not place your telephone on hold. You are requested to mute your phone until your case is called. Parties may not participate by speakerphone. When you dial into a hearing, you are participating in a court proceeding and are bound by the normal rules of courtesy and attention.

E. Telephonic hearings will be recorded using the Court's digital recording system or other external recording technology associated with the telephone dial-in number. If the Court's digital recording system is inaccessible, the recordings using the recording technology associated with the telephone dial-in number will be made available to the public in accordance with the Clerk's standing policy and will constitute the official Court record.

F. Each person who speaks at a telephonic hearing must restate that person's name each time that person speaks. That information will assist the Court during the hearing and will assist any transcribers of the audio recording.

G. In the event that an evidentiary hearing or trial is required, both sections of the Court will utilize a video-conferencing service located at the Internet site www.zoomgov.com in addition to audio connection through the above-listed dial-in numbers. Witnesses must appear by both audio and video connection. The judge will issue directions for the exchange and filing of witness and exhibit lists and the exhibits themselves into the record, as well as instructions for participating using www.zoomgov.com in advance of the hearing.

Requests for Emergency Hearings

A. During the Protocol Period, emergency hearings must be requested in accordance with the local rules.

Self-Calendaring and Hearing Settings

Section 341 Meetings

- A. Section 341 meetings of creditors conducted by the United States Trustee's Office, the Standing Chapter 13 Trustee's Office, and Panel Chapter 7 Trustees will be held telephonically, depending on the policies of those offices, which will be issued separately. Parties and counsel are responsible for monitoring the Court's Web site, the Web sites of those trustees, and the dockets of their cases for information regarding Section 341 Meetings in their cases.

Variance from Protocol

- A. Each Judge may vary this protocol on a case-by-case basis by issuing orders in individual cases.
- B. As circumstances warrant, this protocol may be amended. Any amendments will be published on the Court's Web site and distributed by e-mail to all CM/ECF users.
